

1 ENGROSSED HOUSE  
2 BILL NO. 1588

3 By: Hardin of the House

4 and

5 Woods of the Senate

6

7 An Act relating to the Oklahoma Conservation  
8 Commission; creating the Spring Creek Watershed Study  
9 Act; establishing legislative intent; directing  
10 Conservation Commission to undertake certain water  
11 quality plan; requiring report; providing for  
12 cooperation with certain third parties; authorizing  
13 the acceptance of certain funds; creating the Spring  
Creek Watershed Study Cash Fund Revolving Fund;  
establishing fund purpose; providing source of funds;  
providing for codification; and providing an  
effective date.

14

15

16

17 BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

18 SECTION 1. NEW LAW A new section of law to be codified

19 in the Oklahoma Statutes as Section 3-7-111 of Title 27A, unless  
20 there is created a duplication in numbering, reads as follows:

21 A. This act shall be known and may be cited as the "Spring  
22 Creek Watershed Study Act".

23 B. The Legislature finds that:

1       1. Increasing pressure from agriculture and residential  
2 development as well as stream bank erosion and other activities have  
3 led to declining water quality levels in the Northeast Oklahoma  
4 watershed known as Spring Creek located in Cherokee, Delaware, and  
5 Mayes counties near Kansas, Oklahoma, resulting in increased concern  
6 by the residents of the Spring Creek area and citizens of Oklahoma  
7 as a whole as to the continued health of the watershed. The once  
8 pristine stream is a prime example of how many similar high quality  
9 Ozark waterbodies that draw millions of visitors to the area each  
10 year, support water supplies for growing urban centers in Oklahoma,  
11 and provide habitat for important wildlife and fisheries resources  
12 are threatened without cooperative, voluntary protective action by  
13 local communities and other stakeholders;

14       2. Improved voluntary land management practices including soil  
15 conservation practices, riparian restoration and protection,  
16 reforestation, streambank livestock exclusion, and other methods of  
17 stewardship have great potential to improve and protect the quality  
18 of water in the Spring Creek watershed while improving the  
19 ecological health of the area; and

20       3. It is in the interest of the citizens of this state as a  
21 whole and the residents of the Spring Creek watershed that the  
22 Oklahoma Conservation Commission, in partnership with other local,  
23 state, and federal agencies and nongovernmental organizations,  
24 undertake a comprehensive water quality study of Spring Creek to

1 determine the best course of action to protect and improve the  
2 health of the aquatic habitat in the watershed.

3 C. It is the intent of the Legislature that the findings of  
4 this study will be used to direct implementation of voluntary,  
5 incentive-based conservation practices by the Commission in  
6 partnership with other local, state, and federal agencies and  
7 subject to availability of resources, in the Spring Creek watershed  
8 to protect and improve the aquatic habitat and water quality in the  
9 area.

10 SECTION 2. NEW LAW A new section of law to be codified  
11 in the Oklahoma Statutes as Section 3-7-112 of Title 27A, unless  
12 there is created a duplication in numbering, reads as follows:

13 A. 1. The Oklahoma Conservation Commission shall undertake a  
14 comprehensive watershed-based water quality plan designed to improve  
15 and protect the water quality and aquatic habitat in the Spring  
16 Creek watershed through the utilization of voluntary, incentive-  
17 based programs.

18 2. On or before June 1, 2026, the Commission shall publish an  
19 electronic report of the findings. The Commission may, from time to  
20 time, update such findings as conditions change and pertinent  
21 information becomes available.

22 B. The Commission may contract and cooperate with the Natural  
23 Resources Conservation Service of the United States Department of  
24

1 Agriculture and the U.S. Environmental Protection Agency to conduct  
2 activities provided for in this section.

3 C. The Commission may apply for and accept grants, gifts, or  
4 other sources of public and private funds to carry out the purposes  
5 of the Spring Creek Watershed Study Act.

6 SECTION 3. NEW LAW A new section of law to be codified  
7 in the Oklahoma Statutes as Section 3-7-113 of Title 27A, unless  
8 there is created a duplication in numbering, reads as follows:

9 There is hereby created in the State Treasury a revolving fund  
10 for the Oklahoma Conservation Commission to be designated the  
11 "Spring Creek Watershed Study Cash Fund Revolving Fund". The fund  
12 shall be a continuing fund, not subject to fiscal year limitations,  
13 and shall consist of all monies received by the Commission from  
14 appropriations by the Legislature to the fund, and any money  
15 received as gifts, grants, or other contributions from public or  
16 private sources provided for the purpose of implementing the Spring  
17 Creek Watershed Study Act. All monies accruing to the credit of the  
18 fund are hereby appropriated and may be budgeted and expended by the  
19 Commission for the purpose provided for in this act. Expenditures  
20 from the fund shall be made upon warrants issued by the State  
21 Treasurer against claims filed as prescribed by law with the  
22 Director of the Office of Management and Enterprise Services for  
23 approval and payment.

24 SECTION 4. This act shall become effective November 1, 2025.

1           Passed the House of Representatives the 4th day of March, 2025.
