12 [ pharmacy benefit managers - pharmacy audit -  
records - network sharing - reimbursement rates - fee  
13 increase - contracts - penalties - effective date ]

14  
15 BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

16 SECTION 1. AMENDATORY 59 O.S. 2021, Section 356.2, as  
17 amended by Section 2, Chapter 332, O.S.L. 2024 (59 O.S. Supp. 2024,  
18 Section 356.2), is amended to read as follows:

19 Section 356.2. A. The entity conducting an audit of a pharmacy  
20 shall:

21 1. Identify and specifically describe the audit and appeal  
22 procedures in the pharmacy contract. Prescription claim  
23 documentation and record-keeping requirements shall not exceed the  
24

1 requirements set forth by the Oklahoma Pharmacy Act or other  
2 applicable state or federal laws or regulations;

3       2. Give the pharmacy written notice by certified letter to the  
4 pharmacy and the pharmacy's contracting agent, including  
5 identification of specific prescription numbers and fill dates to be  
6 audited, at least fourteen (14) calendar days prior to conducting  
7 the audit, including, but not limited to, an on-site audit, a desk  
8 audit, or a wholesale purchase audit, request for documentation  
9 related to the dispensing of a prescription drug or any reimbursed  
10 activity by a pharmacy provider; provided, however, that wholesale  
11 purchase audits shall require a minimum of thirty (30) calendar  
12 days' written notice. For an on-site audit, the audit date shall be  
13 the date the on-site audit occurs. For all other audit types, the  
14 audit date shall be the date the pharmacy provides the documentation  
15 requested in the audit notice. The pharmacy shall have the  
16 opportunity to reschedule the audit no more than seven (7) calendar  
17 days from the date designated on the original audit notification;

18       3. Not interfere with the delivery of pharmacist services to a  
19 patient and shall utilize every reasonable effort to minimize  
20 inconvenience and disruption to pharmacy operations during the audit  
21 process;

22       4. Conduct any audit involving clinical or professional  
23 judgment by means of or in consultation with a licensed pharmacist;

1       5. Not consider as fraud any clerical or record-keeping error,  
2 such as a typographical error, scrivener's error or computer error,  
3 including, but not limited to, a miscalculated day supply,  
4 incorrectly billed prescription written date or prescription origin  
5 code, and such errors shall not be subject to recoupment. The  
6 pharmacy shall have the right to submit amended claims  
7 electronically to correct clerical or record-keeping errors in lieu  
8 of recoupment. To the extent that an audit results in the  
9 identification of any clerical or record-keeping errors such as  
10 typographical errors, scrivener's errors or computer errors in a  
11 required document or record, the pharmacy shall not be subject to  
12 recoupment of funds by the pharmacy benefits manager unless the  
13 pharmacy benefits manager can provide proof of intent to commit  
14 fraud. A person shall not be subject to criminal penalties for  
15 errors provided for in this paragraph without proof of intent to  
16 commit fraud;

17       6. Permit a pharmacy to use the records of a hospital,  
18 physician, or other authorized practitioner of the healing arts for  
19 drugs or medicinal supplies written or transmitted by any means of  
20 communication for purposes of validating the pharmacy record with  
21 respect to orders or refills of a legend or narcotic drug;

22       7. Permit a pharmacy to use drug purchase records without  
23 limitation of date or source to validate the dispensing of a

1 | prescription drug or a controlled dangerous substance, provided the  
2 | drug purchase was done in accordance with state or federal law;

3 |       8. Not include the dispensing fee amount or the actual invoice  
4 | cost of the prescription dispensed in a finding of an audit  
5 | recoupment unless a prescription was not actually dispensed or a  
6 | physician denied authorization of a dispensing order;

7 |       8. 9. Audit each pharmacy under identical standards, regularity  
8 | and parameters as other similarly situated pharmacies and all  
9 | pharmacies owned or managed by the pharmacy benefits manager  
10 | conducting or having conducted the audit;

11 |       9. 10. Not exceed one (1) year from the date the claim was  
12 | submitted to or adjudicated by a managed care company, nonprofit  
13 | hospital or medical service organization, insurance company, third-  
14 | party payor, pharmacy benefits manager, a health program  
15 | administered by a department of this state, or any entity that  
16 | represents the companies, groups, or departments for the period  
17 | covered by an audit;

18 |       10. 11. Not schedule or initiate an audit during the first  
19 | seven (7) calendar days of any month unless otherwise consented to  
20 | by the pharmacy;

21 |       11. 12. Disclose to any plan sponsor whose claims were included  
22 | in the audit any money recouped in the audit;

23 |       12. 13. Not require pharmacists to break open packaging labeled  
24 | "for single-patient-use only". Packaging labeled "for single-

1 patient-use only" shall be deemed to be the smallest package size  
2 available; and

3       13. 14. Upon recoupment of funds from a pharmacy, refund first  
4 to the patient the portion of the recovered funds that were  
5 originally paid by the patient, provided such funds were part of the  
6 recoupment.

7           B. 1. Any entity that conducts wholesale purchase review  
8 during an audit of a pharmacist or pharmacy shall not require the  
9 pharmacist or pharmacy to provide a full dispensing report.

10 Wholesaler invoice reviews shall be limited to verification of  
11 purchase inventory specific to the pharmacy claims paid by the  
12 health benefits plan or pharmacy benefits manager conducting the  
13 audit without limitation to date or source of purchase.

14           2. Any entity conducting an audit shall not identify or label a  
15 prescription claim as an audit discrepancy when:

16                  a. the National Drug Code for the dispensed drug is in a

17                      quantity that is a subunit or multiple of the drug

18                      purchased by the pharmacist or pharmacy as supported

19                      by a wholesale invoice,

20                  b. the pharmacist or pharmacy dispensed the correct

21                      quantity of the drug according to the prescription,

22                      and

23                  c. the drug dispensed by the pharmacist or pharmacy

24                      shares all but the last two digits of the National

1                   Drug Code of the drug reflected on the supplier  
2                    invoice.

3        3. An entity conducting an audit shall accept as evidence,  
4        without limitation on date or source of purchase subject to  
5        validation, to support the validity of a pharmacy claim related to a  
6        dispensed drug:

- 7        a. redacted copies of supplier invoices in the  
8                    pharmacist's or pharmacy's possession, or
- 9        b. invoices and any supporting documents from any  
10                  supplier as authorized by federal or state law to  
11                  transfer ownership of the drug acquired by the  
12                  pharmacist or pharmacy.

13      4. An entity conducting an audit shall provide, no later than  
14        five (5) calendar days after the date of a request by the pharmacist  
15        or pharmacy, all supporting documents the pharmacist's or pharmacy's  
16        purchase suppliers provided to the health benefits plan issuer or  
17        pharmacy benefits manager.

18      C. A pharmacy shall be allowed to provide the pharmacy's  
19        computerized patterned medical records or the records of a hospital,  
20        physician, or other authorized practitioner of the healing arts for  
21        drugs or medicinal supplies written or transmitted by any means of  
22        communication for purposes of supporting the pharmacy record with  
23        respect to orders or refills of a legend or narcotic drug.

1       D. The entity conducting the audit shall not audit more than  
2 fifty prescriptions, with specific date of service, per calendar  
3 year. The annual limit to the number of prescription claims audited  
4 shall be inclusive of all audits, including any prescription-related  
5 documentation requests from the health insurer, pharmacy benefits  
6 manager or any third-party company conducting audits on behalf of  
7 any health insurer or pharmacy benefits manager during a calendar  
8 year.

9       E. If paper copies of records are requested by the entity  
10 conducting the audit, the entity shall pay twenty-five cents (\$0.25)  
11 per page to cover the costs incurred by the pharmacy. The entity  
12 conducting the audit shall provide the pharmacy with accurate  
13 instructions, including any required form for obtaining  
14 reimbursement for the copied records.

15      F. The entity conducting the audit shall:

16       1. Deliver a preliminary audit findings report to the pharmacy  
17 and the pharmacy's contracting agent within forty-five (45) calendar  
18 days of conducting the audit;

19       2. Allow the pharmacy at least ninety (90) calendar days  
20 following receipt of the preliminary audit findings report in which  
21 to produce documentation to address any discrepancy found during the  
22 audit; provided, however, a pharmacy may request an extension, not  
23 to exceed an additional forty-five (45) calendar days;

1       3. Deliver a final audit findings report to the pharmacy and  
2 the pharmacy's contracting agent signed by the auditor within ten  
3 (10) calendar days after receipt of additional documentation  
4 provided by the pharmacy, as provided for in Section 356.3 of this  
5 title;

6       4. Allow the pharmacy to reverse and resubmit claims  
7 electronically within thirty (30) calendar days of receipt of the  
8 final audit report in lieu of the auditing entity recouping  
9 discrepant claim amounts from the pharmacy;

10      5. Not recoup any disputed funds until after final disposition  
11 of the audit findings, including the appeals process as provided for  
12 in Section 356.3 of this title; and

13      6. Not accrue interest during the audit and appeal period.

14      G. Each entity conducting an audit shall provide a copy of the  
15 final audit results, and a final audit report upon request, after  
16 completion of any review process to the plan sponsor.

17      H. 1. The full amount of any recoupment on an audit shall be  
18 refunded to the plan sponsor. Except as provided for in paragraph 2  
19 of this subsection, a charge or assessment for an audit shall not be  
20 based, directly or indirectly, on amounts recouped.

21      2. This subsection does not prevent the entity conducting the  
22 audit from charging or assessing the responsible party, directly or  
23 indirectly, based on amounts recouped if both of the following  
24 conditions are met:

- 1           a. the plan sponsor and the entity conducting the audit  
2                          have a contract that explicitly states the percentage  
3                          charge or assessment to the plan sponsor, and  
4           b. a commission to an agent or employee of the entity  
5                          conducting the audit is not based, directly or  
6                          indirectly, on amounts recouped.

7           I. Unless superseded by state or federal law, auditors shall  
8                  only have access to previous audit reports on a particular pharmacy  
9                  conducted by the auditing entity for the same pharmacy benefits  
10                 manager, health plan or insurer. An auditing vendor contracting  
11                 with multiple pharmacy benefits managers or health insurance plans  
12                 shall not use audit reports or other information gained from an  
13                 audit on a pharmacy to conduct another audit for a different  
14                 pharmacy benefits manager or health insurance plan.

15           J. ~~Sections A through I of this section shall not apply to any~~  
16 ~~audit initiated based on or that involves fraud, willful~~  
17 ~~misrepresentation, or abuse.~~

18           K. If the Attorney General, after notice and opportunity for  
19                 hearing, finds that the entity conducting the audit failed to follow  
20                 any of the requirements pursuant to the Pharmacy Audit Integrity  
21                 Act, the audit shall be considered null and void. Any monies  
22                 recouped from a null and void audit shall be returned to the  
23                 affected pharmacy within fourteen (14) calendar days. Any violation

1 of this section by a pharmacy benefits manager or auditing entity  
2 shall be deemed a violation of the Pharmacy Audit Integrity Act.

3 SECTION 2. AMENDATORY 59 O.S. 2021, Section 357, as  
4 amended by Section 4, Chapter 332, O.S.L. 2024 (59 O.S. Supp. 2024,  
5 Section 357), is amended to read as follows:

6 Section 357. A. As used in Sections 357 through 360 of this  
7 title:

8 1. "Covered entity" means a nonprofit hospital or medical  
9 service organization, for-profit hospital or medical service  
10 organization, insurer, health benefit plan, health maintenance  
11 organization, health program administered by the state in the  
12 capacity of providing health coverage, or an employer, labor union,  
13 or other group of persons that provides health coverage to persons  
14 in this state. This term does not include a health benefit plan  
15 that provides coverage only for accidental injury, specified  
16 disease, hospital indemnity, disability income, or other limited  
17 benefit health insurance policies and contracts that do not include  
18 prescription drug coverage;

19 2. "Covered individual" means a member, participant, enrollee,  
20 contract holder or policy holder or beneficiary of a covered entity  
21 who is provided health coverage by the covered entity. A covered  
22 individual includes any dependent or other person provided health  
23 coverage through a policy, contract or plan for a covered  
24 individual;

1       3. "Department" means the Insurance Department;

2       4. "Effective rate contracting" means any agreement or  
3       arrangement between a pharmacy or contracting agent acting on behalf  
4       of a pharmacy and a pharmacy benefits manager for pharmaceuticals  
5       based on the effective rate of payment rather than a predetermined  
6       fixed price or fixed discount percentage;

7       5. "Maximum allowable cost", "MAC", or "MAC list" means the  
8       list of drug products delineating the maximum per-unit reimbursement  
9       for multiple-source prescription drugs, medical product, or device;

10      5. 6. "Multisource drug product reimbursement" (reimbursement)  
11     means the total amount paid to a pharmacy inclusive of any reduction  
12     in payment to the pharmacy, excluding prescription dispense fees and  
13     professional fees;

14      6. 7. "Office" means the Office of the Attorney General;

15      7. 8. "Pharmacy benefits management" means a service provided  
16     to covered entities to facilitate the provision of prescription drug  
17     benefits to covered individuals within the state, including  
18     negotiating pricing and other terms with drug manufacturers and  
19     providers. Pharmacy benefits management may include any or all of  
20     the following services:

21       a. claims processing, retail network management and  
22           payment of claims to pharmacies for prescription drugs  
23           dispensed to covered individuals,

1                   b. clinical formulary development and management  
2                         services, or

3                   c. rebate contracting and administration;

4       8. 9. "Pharmacy benefits manager" or "PBM" means a person,

5 business, or other entity that performs pharmacy benefits  
6 management. The term shall include a person or entity acting on  
7 behalf of a PBM in a contractual or employment relationship in the  
8 performance of pharmacy benefits management for a managed care  
9 company, nonprofit hospital, medical service organization, insurance  
10 company, third-party payor, or a health program administered by an  
11 agency or department of this state;

12       9. 10. "Plan sponsor" means the employers, insurance companies,  
13 unions and health maintenance organizations or any other entity  
14 responsible for establishing, maintaining, or administering a health  
15 benefit plan on behalf of covered individuals; and

16       10. 11. "Provider" means a pharmacy licensed by the State Board  
17 of Pharmacy, or an agent or representative of a pharmacy, including,  
18 but not limited to, the pharmacy's contracting agent, which  
19 dispenses prescription drugs or devices to covered individuals.

20                  B. Nothing in the definition of pharmacy benefits management or  
21 pharmacy benefits manager in the Patient's Right to Pharmacy Choice  
22 Act, Pharmacy Audit Integrity Act, or Sections 357 through 360 of  
23 this title shall deem an employer a "pharmacy benefits manager" of  
24 its own self-funded health benefit plan, except, to the extent

1 | permitted by applicable law, where the employer, without the  
2 | utilization of a third party and unrelated to the employer's own  
3 | pharmacy:

- 4 | a. negotiates directly with drug manufacturers,
- 5 | b. processes claims on behalf of its members, or
- 6 | c. manages its own retail network of pharmacies.

7 | SECTION 3. AMENDATORY 59 O.S. 2021, Section 360, as  
8 | amended by Section 6, Chapter 332, O.S.L. 2024 (59 O.S. Supp. 2024,  
9 | Section 360), is amended to read as follows:

10 | Section 360. A. The pharmacy benefits manager shall, with  
11 | respect to contracts between a pharmacy benefits manager and a  
12 | provider, including a pharmacy service administrative organization:

13 | 1. Include in such contracts the specific sources utilized to  
14 | determine the maximum allowable cost (MAC) pricing of the pharmacy,  
15 | update MAC pricing at least every seven (7) calendar days, and  
16 | establish a process for providers to readily access the MAC list  
17 | specific to that provider;

18 | 2. In order to place a drug on the MAC list, ensure that the  
19 | drug is listed as "A" or "B" rated in the most recent version of the  
20 | FDA's Approved Drug Products with Therapeutic Equivalence  
21 | Evaluations, also known as the Orange Book, and the drug is  
22 | generally available for purchase by pharmacies in the state from  
23 | national or regional wholesalers and is not obsolete;

1       3. Ensure dispensing fees are not included in the calculation  
2       of MAC price reimbursement to pharmacy providers;

3       4. Provide a reasonable administration appeals procedure to  
4       allow a provider, a provider's representative and a pharmacy service  
5       administrative organization to contest reimbursement amounts within  
6       fourteen (14) calendar days of the final adjusted payment date. The  
7       pharmacy benefits manager shall not prevent the pharmacy or the  
8       pharmacy service administrative organization from filing  
9       reimbursement appeals in an electronic batch format. The pharmacy  
10      benefits manager must respond to a provider, a provider's  
11      representative and a pharmacy service administrative organization  
12      who have contested a reimbursement amount through this procedure  
13      within ten (10) calendar days. The pharmacy benefits manager must  
14      respond in an electronic batch format to reimbursement appeals filed  
15      in an electronic batch format. The pharmacy benefits manager shall  
16      not require a pharmacy or pharmacy services administrative  
17      organization to log into a system to upload individual claim appeals  
18      or to download individual appeal responses. If a price update is  
19      warranted, the pharmacy benefits manager shall make the change in  
20      the reimbursement amount, permit the dispensing pharmacy to reverse  
21      and rebill the claim in question, and make the reimbursement amount  
22      change retroactive and effective for all contracted providers; and

23       5. If a below-cost reimbursement appeal is denied, the PBM  
24      shall provide the reason for the denial, including the National Drug

1 Code (NDC) number from, and the name of, the specific national or  
2 regional wholesalers doing business in this state where the drug is  
3 currently in stock and available for purchase by the dispensing  
4 pharmacy at a price below the PBM's reimbursement price. If the NDC  
5 number provided by the pharmacy benefits manager is not available  
6 below the acquisition cost obtained from the pharmaceutical  
7 wholesaler from whom the dispensing pharmacy purchases the majority  
8 of the prescription drugs that are dispensed, the pharmacy benefits  
9 manager shall immediately adjust the reimbursement amount, permit  
10 the dispensing pharmacy to reverse and rebill the claim in question,  
11 and make the reimbursement amount adjustment retroactive and  
12 effective in effect for all contracted providers for future claims  
13 billed.

14       B. The reimbursement appeal requirements in this section shall  
15 apply to all drugs, medical products, or devices reimbursed  
16 according to any payment methodology, including, but not limited to:

- 17           1. Average acquisition cost, including the National Average  
18 Drug Acquisition Cost;
- 19           2. Average manufacturer price;
- 20           3. Average wholesale price;
- 21           4. Brand effective rate or generic effective rate;
- 22           5. Discount indexing;
- 23           6. Federal upper limits;
- 24           7. Wholesale acquisition cost; and

1       8. Any other term that a pharmacy benefits manager or an  
2 insurer of a health benefit plan may use to establish reimbursement  
3 rates to a pharmacist or pharmacy for pharmacist services.

4       C. The pharmacy benefits manager shall not place a drug on a  
5 MAC list, unless there are at least two therapeutically equivalent,  
6 multiple-source drugs, generally available for purchase by  
7 dispensing retail pharmacies from national or regional wholesalers.

8       D. In the event that a drug is placed on the FDA Drug Shortages  
9 Database, pharmacy benefits managers shall reimburse claims to  
10 pharmacies at no less than the wholesale acquisition cost for the  
11 specific NDC number being dispensed.

12       E. The pharmacy benefits manager shall not require  
13 accreditation or licensing of providers, or any entity licensed or  
14 regulated by the State Board of Pharmacy, other than by the State  
15 Board of Pharmacy or federal government entity as a condition for  
16 participation as a network provider.

17       F. A pharmacy or pharmacist may decline to provide the  
18 pharmacist clinical or dispensing services to a patient or pharmacy  
19 benefits manager if the pharmacy or pharmacist is to be paid less  
20 than the pharmacy's cost for providing the pharmacist clinical or  
21 dispensing services.

22       G. The pharmacy benefits manager shall provide a dedicated  
23 telephone number, email address and names of the personnel with  
24 decision-making authority regarding MAC appeals and pricing.

1       H. No pharmacy benefits manager (PBM) shall lease, rent, or  
2       otherwise make its provider network available to another pharmacy  
3       benefits manager. Prohibited activities shall include, but not be  
4       limited to:

- 5           1. Entering into agreements or contracts that allow another PBM  
6       to use the provider network; and  
7           2. Facilitating access to the provider network though any form  
8       of leasing or renting arrangement.

9           I. The PBM shall, with respect to contracts between a PBM and a  
10       provider, including contracts with pharmacy service administrative  
11       organization, ensure that reimbursement to pharmacies for each drug  
12       dispensed is no less than one hundred six percent (106%) of the  
13       National Average Drug Acquisition Cost (NADAC) plus a professional  
14       fee of Fifteen Dollars (\$15.00). The NADAC price shall be the price  
15       published in effect for the date the drug claim was billed by the  
16       pharmacy. If a particular drug does not have a published NADAC  
17       price, the reimbursement shall be one hundred ten percent (110%) of  
18       the wholesale acquisition cost (WAC) plus a professional fee of  
19       Fifteen Dollars (\$15.00) for generic drugs and one hundred (100%)  
20       percent of the WAC plus a professional fee of Fifteen Dollars  
21       (\$15.00) for brand-name drugs. The professional fee shall  
22       automatically increase on January 1 of each year at a percentage  
23       equal to the inflation rate measured by the Consumer Price Index for  
24       the previous twelve-month period.

J. 1. Effective rate contracting is hereby prohibited in all agreements between pharmacies or contracting agents acting on behalf of a pharmacy and a PBM or third-party payers. No PBM or third-party payer shall enter into any contract that establishes payment for services or medications based on an effective rate of reimbursement.

7       2. Any PBM or third-party payer found to be in violation of  
8       this section shall be subject to penalties, including, but not  
9       limited to, fines, revocation of licensure, or other disciplinary  
10      actions.

11       K. The provisions of this section shall not be waived, voided,  
12 or nullified by contract.

13 SECTION 4. This act shall become effective November 1, 2025.

14 Passed the Senate the 27th day of March, 2025.
